BIOs

TODD HOLZINGER

LEAD VOCAL _ KEYBOARD _ HARMONIES

Todd was born in Ocean Port, New Jersey at the Army Base his father was stationed at during the Vietnam War. At the "ripe age" of 6 weeks in a cardboard box in the back seat of a Mustang, he made his way home to Minnesota. Growing up in Bloomington, Todd was always into music. He learned piano and drums at a young age, and was the leader in his choral programs both in high school and college. **After attending Moorehead State University for 2 years studying music industry, Todd was not happy with the direction he was headed. So he made the switch to the recording engineering program at Music Tech in Minneapolis. This lead to an internship, and then a job as a house sound, lighting and video engineer at "Mississippi Live". It was there that he got his "foot in the Door" in the Minneapolis music scene. Working with many local and national talents, he obtained a wealth of knowledge and experience in both the "tech" and "performance" sides of live music.** Today, after working with many bands, he has landed with what he considers "the most talented group of musicians I have ever had the pleasure of working with". He calls this "the most fun" he has had on stage and hopes to continue down this "So Big" road, where ever it may lead!"

INFLUENCES _ BILLY JOEL, THE EAGLES, JOURNEY, AND SO ON...

JIM WHITE

LEAD VOCAL _ BASS GUITAR _ HARMONIES

Jim was born and raised in Des Moines, Iowa where he first learned to play the guitar. At the age of ten, his father moved the family to Northeastern Minnesota where Jim went through his teens and early 20's performing in high school and college plays and musicals. He also performed in various local bands. **After many years of performing all types of music, Jim has settled in with a band that's fun and can perform "just about anything". Playing the bass guitar and singing his heart out every time is what he enjoys the most on stage with the group "So Big".**

INFLUENCES _ STEVE PERRY, THE BEATLES, ELVIS, AND MANY MORE

BIOs

NICOLE PRATT

LEAD VOCAL _ KEYBOARD _ HARMONIES

Born in Rosemont, MN, Nicole grew up listening to and singing country music. This is what she remembers most about her childhood years. Her mom always said, "she has been singing before she could walk" and has been ever since. After graduating from Winona State University in 1994, she moved back to Minneapolis where she continued to sing. **Throughout the next several years she continued to expand her singing career with a variety of bands; doing demos for songwriters and also radio and TV ads. Singing everything from old country to the 80's, to most current pop and country music. Nicole brings a strong voice and colorful personality to the most enjoyable band she has ever performed with, "SO BIG".**

INFLUENCES _ MARTINA MCBRIDE, EAGLES, JOURNEY

RICK "RJ" JOHNSON

LEAD RHYTHM GUITAR

Rick first picked up the guitar when he was 8 years old after watching his uncle play. From then on it has become a "passion" for him to learn how to play. Rick learned on his own without lessons, thus developing his own "style." **He has played in many different bands throughout the years. In 2004 he joined up with the other members of "so big" and brought "a little rock & roll" feel to an established country band. Since then "so big" has been a blast to play in and Rick feels very honored to be playing with such a wide variety of awesome talent.**

INFLUENCES _ ERIC CLAPTON, NEAL SCHON, VITO BRATO, GARY MOORE, S.R.V., GARY RICHGRATH AND DAVID GILMOUR

During that time, he has played with many different types of bands including: metal, rock, jazz, blues and alternative. He put the sticks away for awhile and found himself working in radio, but eventually returned to his first love—music. **Christian states "I really love being a part of this band. Everyone in "So Big" is an accomplished musician that also realizes the point of music, first and foremost, is to HAVE FUN!"**
